SUMMARY

Experienced React & React Native Developer with over 1.5+ years of expertise in building and optimizing web and mobile applications. Skilled in developing user-friendly, high-performance apps and websites while ensuring a seamless user experience (UX). Proven ability to collaborate with teams, handle projects efficiently, and contribute valuable product improvement suggestions. Passionate about delivering scalable, responsive, and engaging applications.

WORK EXPERIENCE

Redsky Advance Solution

Oct 2023 - Current

- Assisted in developing and optimizing user-friendly applications, ensuring seamless performance and a smooth user experience.
- Developed and optimized the Octowealth App, a salary management platform that allows users to track upcoming transactions, review completed bills, and manually add expenses for better financial management.
- Worked on the Doctry App, enabling doctors to register as either hospital-affiliated or independent practitioners, while patients could connect with doctors, book appointments, send messages, and provide ratings.
- Collaborated with stakeholders to refine product requirements and improve performance, security, and scalability

Analyze InfoTech Solutions (Internship)

March 2023 - Aug 2023

- Work on real-world projects using technologies like React Native or React js to build applications.
- Learn from experienced developers through mentorship and code reviews to enhance your technical skills.
- Gain practical knowledge, improve problem-solving skills, and increase your chances of securing a full-time role.
- Collaborated with stakeholders to refine product requirements and improve performance, security, and scalability

PROJECTS

Expense Tracker

- Developed a robust and intuitive expense tracking application to streamline financial management.
- Designed a user-friendly UI/UX for seamless transaction logging, budget tracking, and expense categorisation.
- Integrated real-time data synchronisation to maintain accurate financial records across devices
- Optimised performance for fast processing, ensuring a smooth and efficient user experience.
- Scaled the application to support high user engagement while maintaining data security and reliability.

Fitness App

- Developed a comprehensive fitness application to help users track workouts, set goals, and monitor progress.

- Designed an intuitive UI/UX for seamless navigation, personalized workout plans, and real-time activity tracking.
- Integrated performance analytics to provide users with insightful health metrics and progress reports.
- Optimized the app for smooth performance, ensuring fast loading and responsiveness across devices.
- Scaled the platform to support a growing user base while maintaining data accuracy and security.

Eat It

- Developed a seamless food ordering application, enabling users to browse diverse cuisines and place orders effortlessly.
- Designed an intuitive UI/UX for a smooth user experience, including easy navigation, category-based food selection, and a streamlined checkout process.
- Integrated real-time order tracking and secure payment gateways to enhance user convenience and trust.
- Optimized performance for fast loading, ensuring efficient order processing and a lag-free experience.
- Scaled the platform to support high traffic, maintaining reliability, security, and smooth functionality.

Doctry App

- Developed a doctor-patient interaction platform, allowing doctors to register as independent practitioners or hospital-affiliated professionals.
- Enabled direct messaging, allowing patients to contact registered doctors for consultations.
- Created a doctor profile section, displaying qualifications, specialties, and ratings for patient reference.
- Implemented a seamless login and authentication flow, ensuring secure access for both doctors and patients.

EDUCATION

Bachelor of computer application

Aug 2019 - May 2022

KMCL University, Lucknow

ADDITIONAL INFORMATION

- **Technical Skills:** HTML and CSS, React Js, React native, Redux Toolkit, Firebase, Git, Push messaging.
- **Languages:** English, Hindi, Urdu.
